# Vikram Kalra

Full Stack Web Developer

## Professional Summary

Motivated Full Stack Web Developer with expertise in JavaScript and the MERN stack. Skilled in designing and implementing efficient server-side APIs and creating seamless frontend components using React.js. Strong problem-solving abilities and attention to detail. Excellent communicator and collaborator, eager to contribute to a dynamic team environment.

## Projects

Fathom Health Clone

[Live Demo Link](#)[Github Repo Link](#)

ReactHTML5CSS3GitJavaScript

Chakra UI

- Developed a responsive clone of the Fathom Health website utilizing *HTML5*, *CSS3*, *React*, *JavaScript*, *Git*, and *Chakra UI*.
- Optimized user experience with fast navigation and implemented a featured news highlights section.
- Delivered the project within a tight 5-day deadline, showcasing strong problem-solving skills and efficient project management.

Myntra Clone

[Live Demo Link](#)[Github Repo Link](#)

ReactMongoDBExpressNode.jsChakra UI

- Developed a replica of the Myntra website, focusing on responsiveness, user interface, and backend features.
- Implemented user authentication, password hashing, and cart functionality.
- Utilized the MERN stack, along with Chakra UI, for an enhanced user experience.
